Title of the Event :	Blood group identification camp
Place of Activity:	Jujjuru
Event Strat Date :	24-04-2022
Event End Date :	24-04-2022
Description :	<p>We organized <b>Blood group identification camp</b> program in Jujjuru involving NSS volunteers to give awareness. With 9 clinically significant blood group system types found in humans, giving the correct blood to a patient during a transfusion is vitally important. This means making sure that the donor's blood is compatible with the patient's blood, to minimise reactions during a transfusion and avoid any catastrophic consequences. The accurate grouping of blood is very important when it comes to having a blood transfusion. If blood is given to a patient that has a blood type that is incompatible with the blood type of the blood that the patient receives, it can cause intravenous clumping in the patient's blood which can be fatal.</p>

Title of the Event :	Energy conservation and awareness campaign
Place of Activity:	Z.P.H School, Paritala
Event Strat Date :	11-04-2022
Event End Date :	11-04-2022
Description :	We organized <b>Energy conservation and awareness campaign</b> program in Z.P.H School, Paritala involving NSS volunteers to give awareness on energy conservation. Energy conservation is the practice of reducing the consumption of energy by living organisms. Energy is conserved to reduce the cost of consumption and to preserve the limited existing resources of energy. Energy can be conserved by using energy-efficient devices and other methods to consume energy and reduce the use of energy when there is no requirement. We know that energy can neither be created nor destroyed. It can only be transformed from one form to another. So, it is important to conserve energy.

Event Strat Date :	19-03-2022
Event End Date :	19-03-2022
Description :	We organized an awareness program on digital transactions in Kanchikacherla involving NSS volunteers to give awareness about digital transactions. The term "digital transaction" can encompass many types of exchanges, including accepting cashless payments online, signing contracts virtually, or updating an order status. The behind-the-scenes mechanics of each of these transactions vary widely depending on the type of transaction and the industry it pertains to.

Event Strat Date :	03-03-2022
Event End Date :	03-03-2022
Description :	We organized a Medical camp at main seminar hall in our college involving NSS volunteers to provide eye screening test on Eye screening camp in Jujjuru. The importance and objectives of the free medical camp are vital, but the main objective is that the free medical camps are set up with the sacred aim to bring awareness amongst the deprived population of the country who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, Transparent Hands provide the importance and objectives of the medical camp free medical advice, and medicine to unfortunate people, and refer them for specialized treatment or surgery whenever it is required.

Description :	We organized an <b>Eye screening camp</b> in Jujjuru involving NSS volunteers to provide eye screening test on Eye screening camp in Paritala. A vision screening is a brief test that mainly checks how well you can see things up close and far away. It's also called an eye test. The test usually involves reading letters on an eye chart. A vision screening is a quick way to find out if you need a comprehensive (complete) eye exam. A complete exam checks both your vision and eye health. It looks for signs of serious eye disorders that may not have symptoms, such as glaucoma. The villagers participated and got tested.

Description :	We organized an <b>Awareness on negative impact of social media on youth</b> program in Kanchikacherla involving NSS volunteers to give awareness negative impact of social media on youth. The influence of social media on youth mental health is shaped by many complex factors, including, but not limited to, the amount of time children and adolescents spend on platforms, the type of content they consume or are otherwise exposed to, the activities and interactions social media affords, and the degree to which it disrupts activities that are essential for health like sleep and physical activity.

Description :	We organised an awareness program on Road safety measurements & traffic rules at Kanchikacherla. The main theme of this program is to save millions of lives that are endangered worldwide as road safety continues to be a significant concern. National road safety week is celebrated from January of every year to raise awareness to prevent death and injuries worldwide. The students and faculty participated in the program and learnt different traffic principles and rules to be followed

NSS Unit Code:	90214623
Title of the Event :	One day Awareness on personality development
Place of Activity:	Janet Junior College, Kethnakonda
Event Strat Date :	24-01-2022
Event End Date :	24-01-2022
Description :	We organised One-day awareness on personality development at main seminar hall in our college. Personality Development is like a journey where we learn about ourselves and how we act. It's about getting better and changing in different ways. Imagine it as a puzzle where some parts are inherited from our families, like how we look, and some of our behaviours. But as we grow up, the things we do and the people we meet add more pieces to this puzzle, making it unique. Our personality starts with things we get from our family, like being quiet or friendly. But as we meet more people and go through different experiences, we change and grow. The students and faculty participated and gained knowledge about personality development.

Description :	We organized Awareness program on lifestyle development in Deeksha junior college, Kanchikacherla involving NSS volunteers to give awareness about importance of Skill development. When you begin working toward a new job or career, you tend to focus on ensuring you have the proper education and work experience to make hiring managers take notice. Equally important is developing essential skills, particularly workplace or human skills. Skills development is essential to training yourself for a career and personal development. Learning how to showcase them on your resume can set you above the other candidates.

Event End Date :	11-12-2021
Description :	We organized <b>use of vote awareness program</b> in B.J.T Degree college, Keesara involving NSS volunteers to give awareness about importance of casting vote. Democracy has given people a powerful right- that is to VOTE. Voting is the fundamental basis of democracy's 'Of the people, for the people, and by the people' slogan. Therefore, rather than enjoying it as a holiday, one must vote if he truly wants to contribute to the nation-building process and bring about a change. A Citizen should actually not need to find any reason to Vote. It must be done as a compulsive duty although there is no legal obligation to vote.

Program Report	
NSS Unit Code:	90214623
Title of the Event :	Cancer awareness rally
Place of Activity:	Z.P.H School, Paritala
Event Strat Date :	07-12-2021
Event End Date :	07-12-2021
Description :	We organized <b>Cancer awareness rally</b> in Kanchikacherla involving NSS volunteers to give awareness about Cancer disease. Cancer is a leading cause of death worldwide, accounting for nearly 10 million deaths in 2020, or nearly one in six deaths. The most common cancers are breast, lung, colon and rectum and prostate cancers. Around one-third of deaths from cancer are due to tobacco use, high body mass index, alcohol consumption, low fruit and vegetable intake, and lack of physical activity. Cancer-causing infections, such as human papillomavirus (HPV) and hepatitis, are responsible for approximately 30% of cancer cases in low- and lower-middle-income countries. Many cancers can be cured if detected early and treated effectively.

Event End Date :	29-11-2021
Description :	We organized an awareness programme on <b>HIV AIDS</b> in Guntupalli involving NSS volunteers to give awareness on consequences of HIV AIDS infection. HIV is a sexually transmitted infection (STI). It can also be spread by contact with infected blood and from illicit injection drug use or sharing needles. It can also be spread from mother to child during pregnancy, childbirth or breastfeeding. Without medication, it may take years before HIV weakens your immune system to the point that you have AIDS. There's no cure for HIV/AIDS, but medications can control the infection and prevent progression of the disease.

Event End Date :	13-11-2021
Description :	We organized Pollution management awareness program in Deeksha college Kanchikacherla involving NSS volunteers to give awareness on disaster management. The goal is to prevent hazards from turning into disasters and to reduce the loss of life and property. It involves planning and taking steps before, during, and after a disaster. This includes preparing for disasters, implementing effective response systems, and building resilient communities. It is about organizing and managing resources to deal with emergencies. It includes being prepared, responding to the situation, and recovering from it in order to minimize the impact of disasters.

Title of the Event :	Ambulance services usage
Place of Activity:	B.J.T Degree College ,Keesara
Event Strat Date :	11-10-2021
Event End Date :	11-10-2021
Description :	We organized Ambulance services usage program in B.J.T Degree College, Keesara involving NSS volunteers to give awareness about Ambulance services and blood donation. Blood donation a powerful, life-saving behaviour is key to treating women with complications during pregnancy and childbirth (like postpartum haemorrhage), children with severe anaemia, and supporting accident victims and surgical and cancer patients. 85.5% of Indian youth (aged 18-25 years) reported that they had never donated blood. Further, only 10 to 12% of women are blood donors. The reasons include low awareness, misconception that blood donation could endanger their health, lack of clarity about the process, and inaccessibility to blood donation sites.

Title of the Event :	Awareness on Tobacco usage
Place of Activity:	Janet Junior College, kethnakonda
Event Strat Date :	28-08-2021
Event End Date :	28-08-2021
Description :	We organized Awareness on Tobacco usage program in Janet Junior College, Kethnakonda involving NSS volunteers to give awareness on consequences of consumption of Tobacco. Nicotine contained in tobacco is highly addictive and tobacco use is a major risk factor for cardiovascular and respiratory diseases, over 20 different types or subtypes of cancer, and many other debilitating health conditions. Tobacco can also be deadly for non-smokers. Second-hand smoke exposure has also been implicated in adverse health outcomes, causing 1.2 million deaths annually. Nearly half of all children breathe air polluted by tobacco smoke and 65 000 children die each year due to illnesses related to second-hand smoke. Smoking while pregnant can lead to several life-long health conditions for babies.

Description :	We organized Tree Plantation program in B.J.T Degree College, keesara involving NSS volunteers to give awareness on water and plants. Tree planting is recognised as one of the most enjoyable and environmentally friendly activities that people can engage in to benefit the earth. Trees offer several long and short term advantages. They not only look good, but they help minimise the risk of floods, enhance air quality, and lessen the urban heat island effect by reflecting sunlight and giving shade.

Program Report	
NSS Unit Code:	90214623
Title of the Event :	Importance of education for Girls
Place of Activity:	Gani Atkur
Event Strat Date :	12-06-2021
Event End Date :	12-06-2021
Description :	We organized <b>Importance of education for Girls</b> program in Gani Atkur involving NSS volunteers to give awareness on Importance of education for dropouts. As per the survey, a dropout is an "ever-enrolled person" who does not complete the last level of education for which he/she has enrolled and is currently not attending any educational institution. Every year, a large number of students drop out of school worldwide. This hinders their economic and social well-being as well as reduces the literacy rate of the country and creates a non-innovative environment. The issue of dropout in India is of particular importance and interest.
