Event Strat Date :	24-04-2021
Event End Date :	24-04-2021
Description :	We organized Blood group identification camp program in Paritala involving NSS volunteers to give awareness. With 9 clinically significant blood group system types found in humans, giving the correct blood to a patient during a transfusion is vitally important. This means making sure that the donor's blood is compatible with the patient's blood, to minimise reactions during a transfusion and avoid any catastrophic consequences. The accurate grouping of blood is very important when it comes to having a blood transfusion. If blood is given to a patient that has a blood type that is incompatible with the blood type of the blood that the patient receives, it can cause intravenous clumping in the patient's blood which can be fatal.

Title of the Event :	Awareness on electricity usage campaign
Place of Activity:	Jujjuru
Event Strat Date :	12-04-2021
Event End Date :	12-04-2021
Description :	We organized Awareness on electricity usage campaign program in Jujjuru involving NSS volunteers to give awareness on energy conservation. Energy conservation is the practice of reducing the consumption of energy by living organisms. Energy is conserved to reduce the cost of consumption and to preserve the limited existing resources of energy. Energy can be conserved by using energy-efficient devices and other methods to consume energy and reduce the use of energy when there is no requirement. We know that energy can neither be created nor destroyed. It can only be transformed from one form to another. So, it is important to conserve energy.

Title of the Event	Avoid plastic usage
Place of Activity:	Janet Junior College, Kethnakonda
Event Strat Date :	03-04-2021
Event End Date :	03-04-2021
Description :	We organized Avoid plastic usage program in Janet Junior College, Kethnakonda involving NSS volunteers to give awareness on use of plastic is harmful to nature and the plastic cannot be decomposed. Hence the discarded plastic will keep piling up on the earth's surface. Even though plastic can be advantageous to us, they also are a disadvantage to our existence. One disadvantage of plastic is that it is non-biodegradable. The theme of this program is to give awareness on use of plastic is harmful to nature and the plastic cannot be decomposed.

Description :	We organized an awareness program on Fake transactions in Deeksha junior college, Kanchikacherla involving NSS volunteers to give awareness about digital transactions. The term "fake transaction" can encompass many types of exchanges, including the community about the risks, signing contracts virtually, or updating an order status. The behind-the-scenes mechanics of each of these transactions vary widely depending on the type of transaction and the industry it pertains to.

Event End Date :	01-03-2021
Description :	We organized a Medical camp at Guntupalli involving NSS volunteers to provide eye screening test on Eye screening camp in Guntupalli. The importance and objectives of the free medical camp are vital, but the main objective is that the free medical camps are set up with the sacred aim to bring awareness amongst the deprived population of the country who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, Transparent Hands provide the importance and objectives of the medical camp free medical advice, and medicine to unfortunate people, and refer them for specialized treatment or surgery whenever it is required.

Description :	We organized an Eye Check-up camp in Paritala involving NSS volunteers to provide eye screening test on Eye screening camp in Paritala. A vision screening is a brief test that mainly checks how well you can see things up close and far away. It's also called an eye test. The test usually involves reading letters on an eye chart. A vision screening is a quick way to find out if you need a comprehensive (complete) eye exam. A complete exam checks both your vision and eye health. It looks for signs of serious eye disorders that may not have symptoms, such as glaucoma. The villagers participated and got tested.

Description :	We organized an Awareness on online lending loans program in Paritala involving NSS volunteers to give awareness on online lending loans, also known as digital lending or fetch lending, refers to the process of providing financial services, particularly loans, through online platforms. This form of lending has gained popularity due to its convenience, speed and accessibility and the degree to which it disrupts activities that are essential for health like sleep and physical activity.

Description :	We organised One-day awareness on personal growth at B.J.T Degree College, Keesara. Personal Growth is like a journey where we learn about ourselves and how we act. It's about getting better and changing in different ways. Personal growth refers to the ongoing development of oneself in various aspects, including emotional, intellectual, social, physical, and spiritual dimensions. It involves a conscious effort to improve one's life, achieve goals, and reach one's full potential. The students and faculty participated and gained knowledge about personality development.

Event End Date :	15-12-2020
Description :	We organized an Awareness on negative impact of social media on youth program in Paritala involving NSS volunteers to give awareness negative impact of social media on youth. The influence of social media on youth mental health is shaped by many complex factors, including, but not limited to, the amount of time children and adolescents spend on platforms, the type of content they consume or are otherwise exposed to, the activities and interactions social media affords, and the degree to which it disrupts activities that are essential for health like sleep and physical activity.
