Event Start Date :	22-04-2019
Event End Date :	22-04-2019
Description :	We organized Blood Donation camp program in Guntupalli involving NSS volunteers to give awareness. With 9 clinically significant blood group system types found in humans, giving the correct blood to a patient during a transfusion is vitally important. This means making sure that the donor's blood is compatible with the patient's blood, to minimise reactions during a transfusion and avoid any catastrophic consequences. The accurate grouping of blood is very important when it comes to having a blood transfusion. If blood is given to a patient that has a blood type that is incompatible with the blood type of the blood that the patient receives, it can cause intravenous clumping in the patient's blood which can be fatal.

Description :	We organized say no to hazardous waste program in zph school paritala, involving NSS volunteers to give awareness on use of plastic is harmful to nature and the plastic cannot be decomposed. Recycling is the process of collecting processing and transforming materials that would otherwise be discarded as waste into new products. The goal of recycling is to reduce the consumption of fresh raw materials, energy usage and pollution while minimizing the amount of waste that ends up in landfills or incinerators

Description :	We organized a Medical checkup at main seminar hall in guntupalli involving NSS volunteers to provide eye screening test on Eye screening camp in Gani Atkur. The importance and objectives of the free medical camp are vital, but the main objective is that the free medical camps are set up with the sacred aim to bring awareness amongst the deprived population of the country who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, Transparent Hands provide the importance and objectives of the medical camp free medical advice, and medicine to unfortunate people, and refer them for specialized treatment or surgery whenever it is required.

Event End Date :	25-02-2019
Description :	We organized a Vision test camp in Gani Atkur involving NSS volunteers to provide Vision test camp in Z.P.H School, paritala. There are several vision test camps organized in India to help people get their eyes checked. A visual acuity test is a type of eye examination that measures your ability to see details at a specific distance. Optometrists use visual acuity tests to help determine the level of vision correction required for your eyeglasses or contact lens prescription.

Event Strat Date :	16-02-2019
Event End Date :	16-02-2019
Description :	We organized Awareness on social media on youth program in B.J.T. Degree college, Keesara involving NSS volunteers to give Beware of scam calls. Scam calls are a common problem in India, and it's important to be aware of them to avoid falling victim to fraud If you receive a call from an unknown number, be cautious and don't share any personal information. Scammers often use high-pressure tactics to try to get you to act quickly, so take your time and don't be afraid to hang up if you feel uncomfortable. Scammers can easily spoof caller ID to make it look like they're calling from a legitimate number. Don't trust caller ID alone to verify the identity of the caller.

Description :	We organised awareness on rash driving at zph school paritala. The main theme of this program is to save millions of lives that are endangered worldwide as road safety continues to be a significant concern. Helmets are a form of protective gear worn to protect the head. They are designed to complement the skull in protecting the human brain Wearing a helmet can reduce the risk of internal and external damage during unforeseen road accidents.

Description :	We organised Awareness on self-employment at. Janet junior college, kethnakonda Effective communication is a crucial skill that can help you build strong relationships, both personally and professionally. Pay attention to what the other person is saying, and try to understand their perspective. This will help you respond appropriately and avoid misunderstandings. Be clear and concise in your communication. Avoid using jargon or technical terms that the other person may not understand.

Description :	We organized Awareness program on skill development in Kanchikacherla involving NSS volunteers to give awareness about importance of Skill development. When you begin working toward a new job or career, you tend to focus on ensuring you have the proper education and work experience to make hiring managers take notice. Equally important is developing essential skills, particularly workplace or human skills. Skills development is essential to training yourself for a career and personal development. Learning how to showcase them on your resume can set you above the other candidates..

Event Strat Date :	06-12-2018
Event End Date :	06-12-2018
Description :	We organized Enrollment of new voter awareness program in Z.P.H School, Paritala involving NSS volunteers to give awareness about importance of casting vote. Democracy has given people a powerful right- that is to VOTE. Voting is the fundamental basis of democracy's 'Of the people, for the people, and by the people' slogan. Therefore, rather than enjoying it as a holiday, one must vote if he truly wants to contribute to the nation-building process and bring about a change. A Citizen should actually not need to find any reason to Vote. It must be done as a compulsive duty although there is no legal obligation to vote.

Event Strat Date :	07-12-2018
Event End Date :	07-12-2018
Description :	We organized Cancer awareness rally in B.J.T Degree college, keesara involving NSS volunteers to give awareness about Cancer disease. Cancer is a leading cause of death worldwide, accounting for nearly 10 million deaths in 2020, or nearly one in six deaths. The most common cancers are breast, lung, colon and rectum and prostate cancers. Around one-third of deaths from cancer are due to tobacco use, high body mass index, alcohol consumption, low fruit and vegetable intake, and lack of physical activity. Cancer-causing infections, such as human papillomavirus (HPV) and hepatitis, are responsible for approximately 30% of cancer cases in low- and lower-middle-income countries. Many cancers can be cured if detected early and treated effectively.

NSS Unit Code:	90214623
Title of the Event :	An awareness programme on HIV AIDS
Place of Activity:	Gani Atkur
Event Strat Date :	30-11-2018
Event End Date :	30-11-2018
Description :	We organized an awareness programme on HIV AIDS in Kanchikacherla involving NSS volunteers to give awareness on consequences of HIV AIDS infection. HIV is a sexually transmitted infection (STI). It can also be spread by contact with infected blood and from illicit injection drug use or sharing needles. It can also be spread from mother to child during pregnancy, childbirth or breastfeeding. Without medication, it may take years before HIV weakens your immune system to the point that you have AIDS. There's no cure for HIV/AIDS, but medications can control the infection and prevent progression of the disease.

Description :	We organized Awareness on drunk and drive in Guntupalli involving NSS volunteers to give awareness on consequences of alcohol consumption. Alcohol use disorder is characterized by loss of control over alcohol drinking that is accompanied by changes in brain regions related to the execution of motivated behaviours and to the control of stress and emotionality. Alcohol is a major contributor to global disease and a leading cause of preventable death.

Description :	We organized Disaster management awareness program in Kanchikacherla involving NSS volunteers to give awareness on disaster management. The goal is to prevent hazards from turning into disasters and to reduce the loss of life and property. It involves planning and taking steps before, during, and after a disaster. This includes preparing for disasters, implementing effective response systems, and building resilient communities. It is about organizing and managing resources to deal with emergencies. It includes being prepared, responding to the situation, and recovering from it in order to minimize the impact of disasters.

Place of Activity:	Z.P.H School, paritala
Event Strat Date :	13-10-2018
Event End Date :	13-10-2018
Description :	We organized Awareness on First Aid Kit and Ambulance Services in Z.P.H School, paritala involving NSS volunteers to give awareness about Ambulance services and blood donation. Blood donation – a powerful, life-saving behaviour – is key to treating women with complications during pregnancy and childbirth (like postpartum haemorrhage), children with severe anaemia, and supporting accident victims and surgical and cancer patients. 85.5% of Indian youth (aged 18-25 years) reported that they had never donated blood. Further, only 10 to 12% of women are blood donors. ⁶ The reasons include low awareness, misconception that blood donation could endanger their health, lack of clarity about the process, and inaccessibility to blood donation sites.

Event End Date :	25-08-2018
Description :	We organized Awareness rally on Anti-Drugs program in B.J.T Degree college, keesara involving NSS volunteers to give awareness on consequences of consumption of Tobacco. Nicotine contained in tobacco is highly addictive and tobacco use is a major risk factor for cardiovascular and respiratory diseases, over 20 different types or subtypes of cancer, and many other debilitating health conditions. Tobacco can also be deadly for non-smokers. Second-hand smoke exposure has also been implicated in adverse health outcomes, causing 1.2 million deaths annually. Nearly half of all children breathe air polluted by tobacco smoke and 65 000 children die each year due to illnesses related to second-hand smoke. Smoking while pregnant can lead to several life-long health conditions for babies.

Description :	We organized Awareness on cutting trees program in Z.P.H School, Paritala involving NSS volunteers to give awareness on water and plants. Tree planting is recognised as one of the most enjoyable and environmentally friendly activities that people can engage in to benefit the earth. Trees offer several long and short term advantages. They not only look good, but they help minimise the risk of floods, enhance air quality, and lessen the urban heat island effect by reflecting sunlight and giving shade.

Description :	We organized International yoga day celebrations in Janet junior college, kethnakonda involving NSS volunteers to give awareness on yoga. International Yoga Day is celebrated annually on June 21. It is a day dedicated to raising awareness about the numerous benefits of practicing yoga and promoting its holistic approach to health and well-being. Yoga is an ancient practice that originated in India and has gained worldwide popularity for its physical, mental and spiritual benefits.

Program Report	
NSS Unit Code:	90214623
Title of the Event :	Importance of girls education
Place of Activity:	Z.P.H.SCHOOL Jujjuru
Event Strat Date :	11-06-2018
Event End Date :	11-06-2018
Description :	We organized Importance of girl's education program in Z.P.H. SCHOOL, Jujjuru involving NSS volunteers to give awareness on Importance of girl's education. As per the survey, a dropout is an "ever-enrolled person" who does not complete the last level of education for which he/she has enrolled and is currently not attending any educational institution. A paramount importance for several reasons, and investing in it yields significant benefits for individuals communities, and societies as a whole education empowers girls by providing them with knowledge,skills,and confidence.it enables them to make informed choices about their lives, health and future
