ACTIVITY REPORT ON

ANNUAL SPORTS DAY

08-01-2023

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Games and Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to enjoy the health and vigour of life. Along with bookish learning, a student should spend his time on games and sports also. Either study or work alone makes us exhausted. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete. The Department of Physical Education and Sports marks itself as one amongst the most efficacious Department of **A.S.I.S.T College of Engineering**.

It strives to excel at all levels and bring laurels to the college. With the help of college faculty, we are continuously improving in the sports field. Considering the concept of "**SPORTS FOR ALL**" throughout the entire Semester we organized Inter-department tournaments for students as well as some sports activities for staff (teaching and non-teaching) from 06-01-2023 to 07-01-2023. It is one of the largest co-curricular activity programs that offer an extensive opportunity to all the students and staff.

These sports will enable the students and staff to have fun, learn new sports, enhance social interaction and test one's physical capability. These competitions also offer a break from the daily routine tasks and recreate or re-energetic them.

The following events have been organized for the inter-department sports tournament of the students. After completion of different events the following is the list of students who stood as Winners and Runners.

ACTIVITY REPORT ON

ANNUAL SPORTS DAY

25-01-2022

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Games and Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to enjoy the health and vigour of life. Along with bookish learning, a student should spend his time on games and sports also. Either study or work alone makes us exhausted. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete. The Department of Physical Education and Sports marks itself as one amongst the most efficacious Department of **A.S.I.S.T College of Engineering**.

It strives to excel at all levels and bring laurels to the college. With the help of college faculty, we are continuously improving in the sports field. Considering the concept of "**SPORTS FOR ALL**" throughout the entire Semester we organized Inter-department tournaments for students as well as some sports activities for staff (teaching and non-teaching) from 23-01-2022 to 24-01-2022. It is one of the largest co-curricular activity programs that offer an extensive opportunity to all the students and staff.

These sports will enable the students and staff to have fun, learn new sports, enhance social interaction and test one's physical capability. These competitions also offer a break from the daily routine tasks and recreate or re-energetic them.

The following events have been organized for the inter-department sports tournament of the students. After completion of different events the following is the list of students who stood as Winners and Runners.

ACTIVITY REPORT ON

ANNUAL SPORTS DAY

07-01-2020

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Games and Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to enjoy the health and vigour of life. Along with bookish learning, a student should spend his time on games and sports also. Either study or work alone makes us exhausted. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete. The Department of Physical Education and Sports marks itself as one amongst the most efficacious Department of **A.S.I.S.T College of Engineering**.

It strives to excel at all levels and bring laurels to the college. With the help of college faculty, we are continuously improving in the sports field. Considering the concept of "SPORTS FOR ALL" throughout the entire Semester we organized Inter-department tournaments for students as well as some sports activities for staff (teaching and non-teaching) from 05-01-2020 to 06-01-2020. It is one of the largest co-curricular activity programs that offer an extensive opportunity to all the students and staff.

These sports will enable the students and staff to have fun, learn new sports, enhance social interaction and test one's physical capability. These competitions also offer a break from the daily routine tasks and recreate or re-energetic them.

The following events have been organized for the inter-department sports tournament of the students. After completion of different events the following is the list of students who stood as Winners and Runners.

ACTIVITY REPORT ON

ANNUAL SPORTS DAY

10-01-2019

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Games and Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to enjoy the health and vigour of life. Along with bookish learning, a student should spend his time on games and sports also. Either study or work alone makes us exhausted. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete. The Department of Physical Education and Sports marks itself as one amongst the most efficacious Department of **A.S.I.S.T College of Engineering**.

It strives to excel at all levels and bring laurels to the college. With the help of college faculty, we are continuously improving in the sports field. Considering the concept of "**SPORTS FOR ALL**" throughout the entire Semester we organized Inter-department tournaments for students as well as some sports activities for staff (teaching and non-teaching) from 08-01-2019 to 09-01-2019. It is one of the largest co-curricular activity programs that offer an extensive opportunity to all the students and staff.

These sports will enable the students and staff to have fun, learn new sports, enhance social interaction and test one's physical capability. These competitions also offer a break from the daily routine tasks and recreate or re-energetic them.

The following events have been organized for the inter-department sports tournament of the students. After completion of different events the following is the list of students who stood as Winners and Runners.
