Special Invitees					
17	Dr. P Durga Bhavani, Professor in Mathematics, Department of S&H, ASIST, Paritala		18	Sri. D Pavan, Associate Professor in Physics, Department of S&H, ASIST, Paritala	
19	Sri. G. Lovakrishna, Assistant Professor in English Department of S&H, ASIST, Paritala		20	Dr.G.Vijay vardhini, Assistant Professor in Chemistry, Department of S&H, ASIST, Paritala	

At the outset, the Chairperson, BOS in Computer Science & Engineering(Artificial Intelligence and Machine Learning), welcomed all members of Board of Studies and Special invitees present in 2nd meeting of Board of Studies for AR22, Department of Computer Science & Engineering and briefed about the agenda to be discussed. The following agenda was placed by the Chairperson and decisions were taken after detailed deliberations:

The Agenda for the meeting

1. Preparation of II, III & IV Year syllabus for AR22 REGULATION keeping in view of objectives of college.
2. To prepare the panel of examiners for the Computer Science & Engineering.
3. Suggesting methodologies for teaching and evaluation.
4. Suggestions of research activities carried out in the department.
5. Suggestions or coordination of extension activities in the department.

Agenda 1: Preparation of syllabus for various courses keeping in view of objectives of college.

The Chairperson appraised the members about the Autonomous for four year course of Computer Science & Engineering. Accordingly, a draft for the II, III & IV Years syllabus was presented and discussed with panel members of committee for their suggestions and approval.

Resolution: The BoS gone through the syllabus and discussed in length about various aspects of the syllabus. After incorporation of the changes suggested by the members of BoS, the II, III & IV year s syllabus was approved.

Attachment: Annexure-I

Agenda-2: To prepare the panel of examiners for the Computer Science & Engineering.

The Chairperson presented the proposed panel of examiners pertaining to I to VIII semester Computer Science & Engineering examination 2022-2026.

Resolution: After incorporating of certain changes suggested by the members, the panel of examiners was approved.

Attachment: Annexure-II

Agenda 3: Suggesting methodologies for teaching and evaluation process.

The Chairperson presented the proposed methodologies for teaching and evaluation of Computer Science & Engineering were placed before the board members.

Resolution: After incorporating of certain changes suggested by the members, methodologies for teaching and evaluation was approved.

Attachment: Annexure-III

Agenda 4: Suggestions of research activities carried out in the department.

The Chairperson asked the board members for research activities carried out in the department. The board suggested following points to be implemented:

1. Conduct regular research orientation sessions to all faculty members and meritorious students to create awareness among them.
2. Encourage students and faculty to publish papers in reputed journals / conferences. It is also suggested that, to provide incentives for the faculty who published in reputed journals.

Agenda 5: Suggestions or coordination of extension activities in the department.

Dr D.Haritha, Professor, University College of Engineering, JNTUK, Expert Member of JNTUK briefed the members about the need of extension work and workshops which are to be conducted in the department.

Dr D.Haritha also suggested,

- Conduct at least two workshops per semester on advanced technologies or latest trends.
- Conduct quizzes, seminars, guest lectures to improve or impart extra knowledge among the students and faculty.
- Community service project to be done by the students in II year II Semester.

The meeting was concluded by noting down the panel members suggestions, changes are incorporated in syllabus. The chairperson gave vote of thanks to all the panel members for their valuable suggestions for the improvement of student growth in academics.

At the outset, the Chairperson BOS in Computer Science & Engineering (Big Data Analytics), welcomed all members of Board of Studies and Special invitees present in 2nd meeting of Board of Studies for AR20, Department of Computer Science & Engineering(IOT, Cyber security& Block Chain Technology) and briefed about the agenda to be discussed. The following agenda was placed by the Chair person and decisions were taken after detailed deliberations.

The Agenda for the meeting

1. Preparation of III & IV Year syllabus for AR20 REGULATION keeping in view of objectives of college.
2. To prepare the panel of examiners for the Computer Science & Engineering (Artificial Intelligence and Machine Learning).
3. Suggesting methodologies for teaching and evaluation.
4. Suggestions of research activities carried out in the department.
5. Suggestions or coordination of extension activities in the department.

Agenda 1: Preparation of syllabus for various courses keeping in view of objectives of college.

The Chairperson appraised the members about the Autonomous for four-year course of Computer Science & Engineering (Artificial Intelligence and Machine Learning). Accordingly, a draft for the II- & IV-Years syllabus was presented and discussed with panel members of committee for their suggestions and approval.

Resolution: The BoS gone through the syllabus and discussed in length about various aspects of the syllabus. After incorporation of the changes suggested by the members of BoS, the III- & IV-years syllabus was approved.

Attachment: Annexure-I

Agenda-2: To prepare the panel of examiners for the Computer Science & Engineering (Data Science).

The Chairperson presented the proposed panel of examiners pertaining to I to VIII semesters Computer Science & Engineering (Artificial Intelligence and Machine Learning) examination 2020-2024.

Resolution: After incorporating of certain changes suggested by the members, the panel of examiners was approved.

Attachment: Annexure-II

Agenda 3: Suggesting methodologies for teaching and evaluation process.

The Chairperson presented the proposed methodologies for teaching and evaluation of Computer Science & Engineering (Artificial Intelligence and Machine Learning) were placed before the board members.

Resolution: After incorporating of certain changes suggested by the members, methodologies for teaching and evaluation was approved.

Attachment: Annexure-III

Agenda 4: Suggestions of research activities carried out in the department.

The Chairperson asked the board members for research activities carried out in the department. The board suggested following points to be implemented:

1. Conduct regular research orientation sessions to all faculty members and meritorious students to create awareness among them.
2. Encourage students and faculty to publish papers in reputed journals / conferences. It is also suggested that, to provide incentives for the faculty who published in reputed journals.

Agenda 5: Suggestions or coordination of extension activities in the department.

Dr A. Krishna Mohan, Professor, University College of Engineering, JNTUK, Expert Member of JNTUK briefed the members about the need of extension work and workshops which are to be conducted in the department.

Dr A. Krishna Mohan also suggested,

- Conduct at least two workshops per semester on advanced technologies or latest trends.
- Conduct quizzes, seminars, guest lectures to improve or impart extra knowledge among the students and faculty.

The meeting was concluded by noting down the panel members suggestions, changes are incorporated in syllabus. The chairperson gave vote of thanks to all the panel members for their valuable suggestions for the improvement of student growth in academics.
