

External Hackathon at PSCMR College

Event Report: National Level Hackathon Victory

Institution: Amrita Sai Institute of Science & Technology (Autonomous)

Achievement: National Hackathon Champions

Event Name: MindSprint 2K25 – National Level Hackathon

Organized By: Brainovision Solutions India Pvt. Ltd. in association with AICTE

Date: 11th and 12th of December, 2025

1. Executive Summary

In a significant milestone for the institution, students from Amrita Sai Institute of Science & Technology (ASIST) have secured a prestigious victory at the **MindSprint 2K25 National Level Hackathon**. Competing against talented teams from across the country, ASIST students emerged as champions, earning a **Certificate of Appreciation** for their institutional excellence and innovation.

2. Participation and Representation

ASIST showed strong institutional representation at the event, with nearly **10 teams** participating from the college. The organizers, Brainovision Solutions and the All India Council for Technical Education (AICTE), specifically recognized ASIST for its proactive role in encouraging and sending student innovators to compete on such a high-profile national platform.

3. The Winning Achievement

The championship teams distinguished themselves through:

- **Technical Strength:** Applying advanced engineering and coding principles to solve complex real-world challenges.
- **Innovation:** Developing creative and scalable solutions that stood out to the national panel of judges.
- **Teamwork:** Demonstrating seamless collaboration and project management under high-pressure competition environments.

As a reward for their outstanding performance, the winners were honored with a **significant cash prize** and official recognition from industry leaders.

4. Institutional Impact

This victory is a proud moment for the entire ASIST community. It serves as a testament to the college's focus on **hands-on learning** and **problem-solving**. By fostering a culture of innovation and industry-ready learning, ASIST continues to build a legacy of producing technical leaders capable of excelling on the national stage.
