Description :	We organized Awareness on skill development in Kanchikacherla involving NSS volunteers to give awareness about importance of Skill development. When you begin working toward a new job or career, you tend to focus on ensuring you have the proper education and work experience to make hiring managers take notice. Equally important is developing essential skills, particularly workplace or human skills. Skills development is essential to training yourself for a career and personal development. Learning how to showcase them on your resume can set you above the other candidates.

Description :	We organized Enrolling New voter's list in Janet junior college, Kethnakonda involving NSS volunteers to give awareness about importance of casting vote. Democracy has given people a powerful right- that is to VOTE. Voting is the fundamental basis of democracy's Of the people, for the people, and by the people' slogan. Therefore, rather than enjoying it as a holiday, one must vote if he truly wants to contribute to the nation-building process and bring about a change. A Citizen should actually not need to find any reason to Vote. It must be done as a compulsive duty although there is no legal obligation to vote.

Event Strat Date :	07-12-2023
Event End Date :	07-12-2023
Description :	We organized Cancer awareness rally in Kanchikacherla involving NSS volunteers to give awareness about Cancer disease. Cancer is a leading cause of death worldwide, accounting for nearly 10 million deaths in 2020, or nearly one in six deaths. The most common cancers are breast, lung, colon and rectum and prostate cancers. Around one-third of deaths from cancer are due to tobacco use, high body mass index, alcohol consumption, low fruit and vegetable intake, and lack of physical activity. Cancer-causing infections, such as human papillomavirus (HPV) and hepatitis, are responsible for approximately 30% of cancer cases in low- and lower-middle-income countries. Many cancers can be cured if detected early and treated effectively.

NSS Unit Code:	902014623
Title of the Event :	HIV -AIDS Awareness Program
Place of Activity:	Amrita Sai Institute of Science and Technology.
Event Strat Date :	30-11-2023
Event End Date :	30-11-2023
Description :	We organized An awareness programme on HIV AIDS Awareness program in our college involving NSS volunteers to give awareness on consequences of HIV AIDS infection. HIV is a sexually transmitted infection (STI). It can also be spread by contact with infected blood and from illicit injection drug use or sharing needles. It can also be spread from mother to child during pregnancy, childbirth or breastfeeding. Without medication, it may take years before HIV weakens your immune system to the point that you have AIDS. There's no cure for HIV/AIDS, but medications can control the infection and prevent progression of the disease

Description :	We organized Awareness rally on extermination of alcohol program in paritala involving NSS volunteers to give awareness on consequences of alcohol consumption. Alcohol use disorder is characterized by loss of control over alcohol drinking that is accompanied by changes in brain regions related to the execution of motivated behaviours and to the control of stress and emotionality. Alcohol is a major contributor to global disease and a leading cause of preventable death.

Description :	We organized Disaster management awareness program in Deeksha junior college, kanchikacherla involving NSS volunteers to give awareness on disaster management. The goal is to prevent hazards from turning into disasters and to reduce the loss of life and property. It involves planning and taking steps before, during, and after a disaster. This includes preparing for disasters, implementing effective response systems, and building resilient communities. It is about organizing and managing resources to deal with emergencies. It includes being prepared, responding to the situation, and recovering from it in order to minimize the impact of disasters.

Program Report	
NSS Unit Code:	902014623
Title of the Event :	Awareness program on ambulance service and blood donation
Place of Activity:	Z.P.H SCHOOL Paritala.
Event Start Date :	12-10-2023
Event End Date :	12-10-2023
Description :	We organized Awareness program on ambulance service and blood donation in Z.P.H SCHOOL Paritala involving NSS volunteers to give awareness about Ambulance services and blood donation. Blood donation – a powerful, life-saving behaviour – is key to treating women with complications during pregnancy and childbirth (like postpartum haemorrhage), children with severe anaemia, and supporting accident victims and surgical and cancer patients. 85.5% of Indian youth (aged 18-25 years) reported that they had never donated blood. Further, only 10 to 12% of women are blood donors. ⁶ The reasons include low awareness, misconception that blood donation could endanger their health, lack of clarity about the process, and inaccessibility to blood donation sites.

Place of Activity:	Donabanda.
Event Strat Date :	27-08-2023
Event End Date :	27-08-2023
Description :	We organized Awareness rally on Anti Tabacco program in Paritala involving NSS volunteers to give awareness on consequences of consumption of Tabacco. Nicotine contained in tobacco is highly addictive and tobacco use is a major risk factor for cardiovascular and respiratory diseases, over 20 different types or subtypes of cancer, and many other debilitating health conditions. Tobacco can also be deadly for non-smokers. Second-hand smoke exposure has also been implicated in adverse health outcomes, causing 1.2 million deaths annually. Nearly half of all children breathe air polluted by tobacco smoke and 65 000 children die each year due to illnesses related to second-hand smoke. Smoking while pregnant can lead to several life-long health conditions for babies.

Title of the Event :	Neeru – chettu program
Place of Activity:	Paritala.
Event Strat Date :	22-07-2023
Event End Date :	22-07-2023
Description :	We organized Neeru – chettu program in Paritala involving NSS volunteers to give awareness on water and plants. Tree planting is recognised as one of the most enjoyable and environmentally friendly activities that people can engage in to benefit the earth. Trees offer several long and short term advantages. They not only look good, but they help minimise the risk of floods, enhance air quality, and lessen the urban heat island effect by reflecting sunlight and giving shade.
