Description	We organized a Medical camp at main seminar hall in our college involving NSS volunteers to provide eye screening test on Eye screening camp in Z.P.H. School Paritala. The importance and objectives of the free medical camp are vital, but the main objective is that the free medical camps are set up with the sacred aim to bring awareness amongst the deprived population of the country who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, Transparent Hands provide the importance and objectives of the medical camp free medical advice, and medicine to unfortunate people, and refer them for specialized treatment or surgery whenever it is required.

Description	We organized an <b>Eye screening camp</b> in Paritala involving NSS volunteers to provide eye screening test on Eye screening camp in Z.P.H. School Paritala. A vision screening is a brief test that mainly checks how well you can see things up close and far away. It's also called an eye test. The test usually involves reading letters on an eye chart. A vision screening is a quick way to find out if you need a comprehensive (complete) eye exam. A complete exam checks both your vision and eye health. It looks for signs of serious eye disorders that may not have symptoms, such as glaucoma. The villagers participated and got tested.

Description	We organized Awareness on <b>negative impact of social media on youth</b> program in Chaitanya Junior, Degree and PG College Nandigama involving NSS volunteers to give awareness negative impact of social media on youth. The influence of social media on youth mental health is shaped by many complex factors, including, but not limited to, the amount of time children and adolescents spend on platforms, the type of content they consume or are otherwise exposed to, the activities and interactions social media affords, and the degree to which it disrupts activities that are essential for health like sleep and physical activity.

Description	We organised One-day awareness on personality development at main seminar hall in Deeksha Degree College Kanchikacherla. Personality Development is like a journey where we learn about ourselves and how we act. It's about getting better and changing in different ways. Imagine it as a puzzle where some parts are inherited from our families, like how we look, and some of our behaviours. But as we grow up, the things we do and the people we meet add more pieces to this puzzle, making it unique. Our personality starts with things we get from our family, like being quiet or friendly. But as we meet more people and go through different experiences, we change and grow. The students and faculty participated and gained knowledge about personality development.
